School Motto

"Keep Smiling" is our motto. We believe that our children should be moulded by this motto. We hope they will lead a balanced life under all circumstances, whether in joy or sorrow, in success or failure, in honour or dishonour, in prosperity or adversity. This calmness of mind expresses itself in an eternal smile.

Guidelines for getting best results in studies

1. Time is precious. Never waste time. A fixed time should be set aside for study daily at home.
2. Take up first the subject you most dislike. Once you have done this, the rest of your work will be easy.
3. Read English newspapers regularly. Listen to the English news on radio/T.V. This will not only improve your English, but also widen your general knowledge.
4. Always revise the work done in class and make sure that you have understood everything clearly and thoroughly before you pass on to something new. Do not leave revision until examinations. Feel free to ask your teacher for further explanation if you have any difficulties.
5. Work out problems in mathematics several times. Mere reading will be of no use.
6. Cultivate an interest in games. Recreations help to refresh your mind and give new energy for study.
7. There is a time for work and time for play. While studying let your whole heart be on studies and while at play, enjoy it completely.
8. As you grow up make a daily time-table for yourself for your study, meals, rest and recreation etc. This will enable you to cultivate regular habits, your most valuable asset in later life.
